### **DENOMINATION:**

Countertop gas solid top on the left with open burners, NG, 700 range.

#### **DESCRIPTION:**

- "- Stamped surface tops manufactured in 1.5 mm thick AISI-304 stainless
- Laser-cut joints and automatic welding. Hidden screws.
- 397 x 580 mm double grates (397 x 290 mm for each burner) enabling the use of large pots and pans.

The reduced distance of 75 mm between the central bars makes it possible to use pots with a very small diameter (8cm), avoiding the risk of smaller pans tipping over.

- The grates are made of RAAF enamelled cast iron (resistant to alkaline and acid products, fire and high temperatures).
- Double-crown burners and diffusers made of nickel-plated cast iron which guarantee

an even distribution of heat from the flame to the base of the pans, even for large pans. This therefore prevents heat from building up in a specific point and optimises energy transfer to the product.

- Burners of different strengths to adapt to containers and for use with different foods:
- ·5.25 kW (Ø 100 mm),
- -8.0 kW (Ø 120 mm),
- Burners are easy to position.
- 10 mm-thick cast iron plate with rounded corners, 400 x 580 mm, and shield with 210 mm diameter.
- 5.25 kW burner beneath fry top.
- Low-consumption pilot light and thermocouple located within the body of the burner for greater protection.
- Flexible stainless-steel gas pipes, facilitating internal manipulation in order to make repairs easier.
- Controls with a protective support base and system to prevent water infiltration.
- High-temperature enamelled cast iron flue protector which is flush

grates therefore improving manoeuvrability, supporting larger containers and increasing the usable surface area."

### **POSSIBLE ACCESSORIES:**

- ACCESSORIES KORE
- STANDS 700
- COOKER ACCESSORIES KORE
- TALL CHIMNEY KORE

# **DIMENSIONS**

## **ELECTRICITY TECHNICAL SPECIFICATIONS**

Voltage N/A - N/A

## **GAS TECHNICAL SPECIFICATIONS**

Gas type NG Gas power 18,50 kW Gas consumption 2,397 m3/h

Regulated LPG G30/G31 28-30/37 mbar

NG G20/G25/G25.1 20/25/25 mbar

### **CONNECTIONS TECHNICAL SPECIFICATIONS**

Gas diameter 1 R 3/4"G
